CLINICAL ROTATIONS

Thomas Jefferson University Clinical Practicum, Philadelphia Metropolitan Area October-April 2023
Sites: Academy in Manayunk, Children's Hospital of Philadelphia (CHOP), Temple University Hospital Burn Unit, Penn Presbyterian Medical Center

- Observed and worked with 6 children ages 10-15 in a school for individuals with learning disabilities
- Collected data on individualized education plans, wrote reports to communicate with families about their student's progress
- Learned how to interact with and teach children ages 5 months – 17 years on myriad of developmental, chronic, and acute conditions in the out-patient setting
- Examined patients with muscular dystrophy, attended and participated in seating and positioning clinics
- Observed pharmaceutical care in and out of the acute setting for adults and children within the burn unit
- Shadowed OT practitioners as they worked with adults with physical disabilities in an acute care hospital for their ambulatory and respiratory needs
- Learned to perform a variety of assessments including (*example, example, and example*) and interpret them to create a care plan

ADDITIONAL EXPERIENCE

Thomas Jefferson University, Occupational Therapy Department, Philadelphia PA

Graduate Research Assistant

August 2022-May 2023

- Collaborated with other graduate students to develop research projects for the Occupational Therapy Center in the virtual program, Second Life ®
- Facilitated the development and expansion of Occupational Therapy Adaptation Home in Second Life ®
- Presented projects as appropriate, including a poster presentation at the National Occupational Therapy Association annual conference to over 300 attendees

Overbrook School for the Blind

Paraprofessional

Overbrook, PA
August 2019-June 2022
