

Post-Professional Doctorate in Occupational Therapy

The 100% online Post-Professional Doctorate in Occupational Therapy (PP-OTD) provides occupational therapists with advanced knowledge and skills to enhance their current practice.

Affordable: Our program is affordable and designed with your professional advancement in mind. The tuition rate is ***\$400/credit with the average total cost to complete the degree less than \$15,000.**

Customizable Curriculum: Shape your educational journey according to your passions, career aspirations, and occupational demands.

Dual-Credentialing Opportunity: We offer the following certificate programs in specialty areas that you can complete as part of your PP-OTD at Jefferson:

- Autism Spectrum Disorder
- Coaching
- Life Care Planning
- Neuroscience
- Teaching Adults

Expert Teaching and Mentoring: Benefit from the guidance of our esteemed faculty, receiving personalized mentorship that nurtures your growth and positions you as a respected leader within your field and the occupational therapy community.

Flexible: Our program is designed to fit into your life seamlessly whether you want to take a single course, earn a certificate, or pursue the full PP-OTD program. We enroll new students year-round either part-time or full-time, offering flexible options tailored to your busy schedule.
